## VERNICIATURA POWDER COATING

Trattamento superficiale esterno per tutti i serbatoi standard.

*External surface treatment for all standard vessels.*

Fase di preparazione superficiale con lavaggio chimico o sabbatura  
Prodotto trasferito in apposite cabine  
Applicate con pistole elettrostatiche o triboelettriche.

Cottura in forni di polimerizzazione.  
Finitura Liscio o Bucciato

*Surface preparation through chemical wash-down or sandblasting  
The product is transferred to dedicated booths*

*Powder paint is sprayed by electrostatic or triboelectric spray guns.  
Baked in curing ovens.*

RAL 3000

RAL 5015

RAL 7016

## ALM VERNICIATURA PAINTING

Dedicato alla parte interna del serbatoio.

*Dedicated to the interior part of the tank.*

Vernici protettive speciali di elevata resistenza agli agenti corrosivi. Il serbatoio grezzo viene sottoposto a lavaggio chimico e decapaggio, a cui segue l'applicazione mediante verniciatura a spruzzo della resina epossidica termoindurente prima di passare alla cottura finale in forno. Certificato in accordo al Decreto Ministeriale del 21 marzo del 1973, successivo aggiornamento 6 aprile 2004, disciplina l'igiene dei recipienti destinati al contatto con sostanze alimentari e sostanze ad uso personale

*Special protective paint that ensure high resistance to corrosive agents.*

*Raw vessels first go to a chemical washing and pickling, then they are sprayed with thermosetting epoxy resin before completing the process with the final baking stage in oven.*

*Certified pursuant to Ministerial Decree dated 21 March 1973 and subsequent amendment dated 6 April 2004, governing the hygiene of food-grade containers containing substances for personal use.*
